Bars at Thetford Twinning Association Events

You will know that the Association usually brings along drinks to our fund-raising events. Following advice, it has been agreed by the Committee that this will no longer be done. Instead, the Association will supply drinks at no cost to members at some events (such as the AGM) and at those events where drinks are not supplied, members will be able to bring along their own drinks (and glasses) to events.

Event details in the newsletter will say whether drinks are provided or not.
